IMPRESSIONS OF THE EVENT

We have been participating at BIOFACH INDIA for the last seven years. It is a great platform to meet the right business partners for our brand. India is one of the largest manufacturers and suppliers of major organic products, and has the potential to turn into the biggest supplier and market for these products in the next five years.

Mr. Amandeep Singh,
Director, Amaara Food & Wellness

The exhibition has been great for us, with several national and international visitors at our booth. BIOFACH INDIA is a fantastic platform for every organic stakeholder. Especially Farmers and we as the representative of the farmer, find this platform excellent.

Mr. Tapan Ray,
Founder and CEO, PraTithi Organic Foods

IMPRESSIONS OF THE EVENT

BIOFACH INDIA is a great platform for us to get the appropriate target segment for our products. Exhibitions facilitate in-person contact, which is very important for making the right business contacts. India is expected to become the biggest market for organic in the next 5 years and we see great potential in this sector.

Mr. Sanjeev Bhatt
CEO Radico

After a gap of two years now, this exhibition is a morale booster for the entire organic industry and we thank NürnbergMesse India for the same. Organic is an emerging market; therefore, exhibitions are very important. India is one of the top countries with the highest number of organic farmers and we have a lot of scope because the entire land in this country is available for organic farming.

Mr. Mayank Parihar
CEO, Sikkim IFFCO Organics
