HEALTH . GROWTH . SUSTAINABILITY

INDIA'S MOST FOCUSED EVENT FOR ORGANIC, NATURAL PRODUCTS AND MILLETS IS SET TO BE HELD FROM 1-3 SEPTEMBER 2022

Organic Industry on a solid growth trajectory

India produced around 3496800.34 MT (2020-21) of certified organic. The total volume of export during 2020-21 was 888179.68 MT. The organic food export realization was around INR 707849.52 Lakhs (1040.95 million USD). Organic products are exported to USA, European Union, Canada, Great Britain, Korea Republic, Israel, Switzerland,

Ecuador, Vietnam, Australia etc. Coming out of the pandemic has also pushed people to move towards organic choices.

MILLETS INDIA – the future is bright!

India with its 41.04% global market share is the largest global producer and fifth largest exporter of Millets with a production of approx. 12 million MT annually. 2023 is the 'International Year of Millets'. Recognizing the

immense potential of this crop, the Government of India is taking various measures to create further domestic and international demand and to raise awareness of the nutritional values of this superfood to public. To provide a relevant forum for Industry in India, NuernbergMesse India will be presenting the premier edition of "MILLETS INDIA". The expo will have on display a wide range of Millet –

based raw materials, products and services both Indian and international.

What to expect?

Visitors can look forward to an impressive display of products and solutions from various segments including organic food and drinks, natural cosmetics, wellness, Millet based products, ecological textiles and certification.

EXPO INDIA**Sonia Prashar**Managing Director and
Chairperson of the Board,
NuernbergMesse India

"World is gradually shifting towards organic lifestyle. BIOFACH INDIA has established itself as the most important platform in the sector. This year we are excited to announce 'MILLETS INDIA'- the premier edition of the event, which will help organisations showcase this "SuperFood" to a global audience." The platform allows the entire industry to network, exchange information and ideas, fosters dialogue and business. Whether you are an established business or an individual planning to explore the sector, this is the platform for you."

**Dr. M. Angamuthu**Chairman, Agricultural and
Processed Food Products Export
Development Authority (APEDA)

BIOFACH is the leading trade fair for organic products which brings the organic industry together, promotes dialogue and facilitates networking. Over the last few years, it has become an important forum for Industry Leaders to converge and define the future path of this sector. We at APEDA are glad to support the 14th edition of BIOFACH INDIA being held at India Expo Centre (IEM), Greater Noida, Delhi NCR from 1st to 3rd September 2022... I take this opportunity to welcome each one of you to the three days tradeshow and wish everyone successful business and discussions. My best wishes also to my team at APEDA and everyone at NuernbergMesse India for the upcoming event.

**Markus Reetz**Executive Director International Exhibitions
NuernbergMesse GmbH

"Right from the inception of the event in 2009, BIOFACH INDIA has established itself as a strong brand. It is a must-attend event for the organic sector and is a testament of our commitment towards the industry, to create a networking platform which fosters dialogue and business".

**Sivakumar Venugopal**Group Director, Member of the
Management Board,
NuernbergMesse India

"We are very excited to announce the launch of MILLETS INDIA. Millets have always been an integral part of Indian nutritional diet. The crops capability to withstand harsh climate and its nutrient packed properties makes it a super food. The premier show of MILLETS INDIA will be followed by International Year of Millets next year. This augurs well for the growth of this sector and the event".
